

# NATIONAL GREENCARE FOR TROOPS AWARENESS WEEK INFOGRAPHIC

APRIL 19-25, 2015

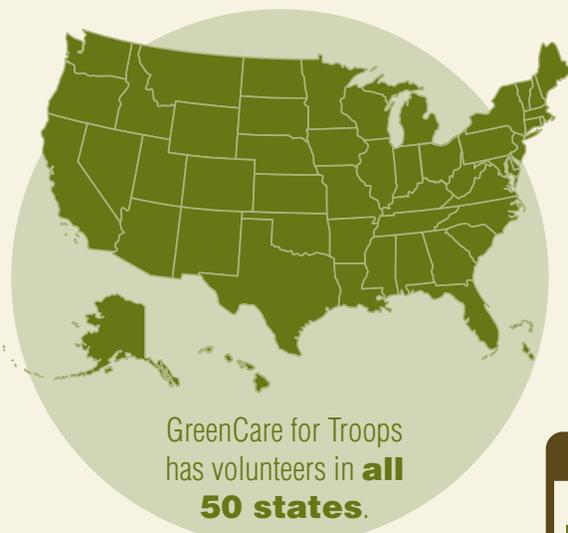

More than **10,000** military families across the country have registered for **GreenCare for Troops** since 2007.

There are **3.6 million** veterans with a service-related disability needing assistance with day-to-day household and lifestyle assistance services.

More than **4,000** volunteer contractors have registered to provide lawn and landscape services.

U.S. military personnel are deployed in **150 countries** across the world.

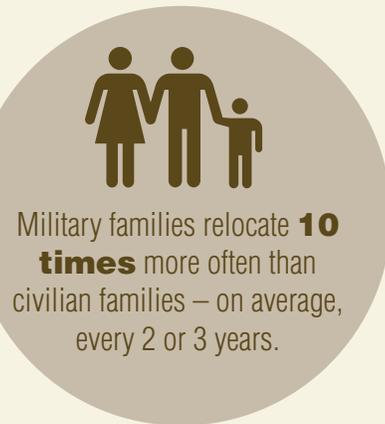

**Florida** has the **most volunteer contractors** for GreenCare for Troops; **Michigan** has the **most families and veterans receiving services**.

The average deployment lasts **eight months** for U.S. Navy personnel on aircraft carriers.

GreenCare for Troops was recognized by the **White House** in 2012 in conjunction with its **Joining Forces** initiative to serve military families.

**1.4 MILLION**

active-duty personnel are currently serving in the U.S. military.

Military spouses tend to be **under 35** and are largely **female**; only **5%** of military spouses are men
